Audioengine B2 Review: An Excellent Bluetooth Speaker

By **Geoffrey Morrison**
Contributor

I write bytes about stuff with pixels and things with bits.

Audioengine's B2 Bluetooth speaker sounds as good as it looks. It's as simple as that. It plays loud, is simple yet attractive, and has some great touches that make it one of the best BT speakers going.

I kinda gave it all away in the intro there, but here's our full review.
